Subject: Libby, Montana Asbestos Removal Project
Former Screening Plant Property
Rainy Creek Site (24LN1045)

Dear Mr. Aaberg:

Our client, the Volpe Center, has informed me that EPA Region 8 has completed its review of the archaeological report entitled "The Rainy Creek Site (24LN1045) Data and Significant Information Recovery Report as Part of the Screening Plant Removal Action, Libby, Montana, Asbestos Emergency Response Project, U.S. Environmental Protection Agency Region 8 dated April 2002" and has found it acceptable. Please send eight (8) copies of the report to my attention at your earliest convenience.

EPA Region 8, via the Volpe Center, has requested that artifacts recovered from the Screening Plant property and the display case for these artifacts be delivered to Melvin and Lerah Parker, 472 Riverview Drive, Libby, Montana 59923. To complete the shipping forms, the Parkers' telephone number is 406-293-9705.

Artifacts recovered from the KDC Flyway property south of the Screening Plant property and the display case for these artifacts should be delivered to Mr. Alan Stringer, W.R. Grace Representative, 317 Mineral Avenue, Libby, Montana 59923. To complete the shipping forms, Mr. Stringer's telephone number is 406-293-3964.
